Acoustic screens
for the desk

Who we are and what we do

Sedus Stoll AG was founded in 1871 and is one of the leading European manufacturers of office solutions. The product range includes seating furniture, such as swivel and visitor chairs, as well as office, conference and contract furniture – all "Made in Germany".

The company headquarters is located in Dogern on the High Rhine in southern Germany. Another production site is in Geseke, North Rhine-Westphalia. Sedus is a company with a long tradition and 150 years of company history that has repeatedly set standards – in terms of ergonomics, manufacturing processes and sustainability. As a synonym for innovation, technology and aesthetics, Sedus constantly enriches the "office world" with new product ideas and contemporary concepts. Sedus puts a strong focus on current trends and changes in the world of work. New organisational structures and forms of work require flexible, aesthetic furnishings and custom-made solutions that enhance collaboration, communication and movement. A particular emphasis is placed on the health and well-being of the users.

Why easy screen silent

easy screen silent is a combination of privacy and sound insulation for desks. Whether on the desk, behind the desk or for double workstations, easy screen silent can be mounted in the way that suits you best. The screens reduce ambient noise and provide privacy for concentrated work. The elegant and timeless design with rounded corners, blends harmoniously into existing furnishing concepts.

Fits nearly everywhere
The screens can be adapted to many Sedus desk series

Light and modern design language
that looks appealing and is fun to use

rounded corners

Privacy and sound insulation
for the reduction of background noise and less distraction

58 % of employees say that they need **more privacy** to be able to focus on their work

Best acoustics for many application areas

Whether used on an individual desk or on a bench, easy screen silent ensures the best acoustics due to its well-thought-out design and offers elegant privacy protection for concentrated work in many areas.

Sound absorption Class C

Sound absorbing wood fibre core

Fabric (covered with acoustic foam on the inside)

Piping

30 mm

Single workstation

The high screen can be mounted behind the desk to allow it to function as a modesty panel.

Team workstations

The variety of adapters allow for different configurations at team workstations.

With the adapter brackets for flexible positioning, easy screen silent enables concentrated work even when at large team workstations.

| Mounting option	on desk	behind desk (408 mm above the desk)	behind desk (350 mm above the desk)	on double workstation
Screen height (in mm)	350, 408	650, 708	650, 708	708
Suitable for table widths (in mm) All screens are 50 mm shorter than the specified table width	600, 650, 700, 750, 800, 1200, 1400, 1500, 1600, 1800, 2000	1200, 1400, 1500, 1600, 1800, 2000	1200, 1400, 1500, 1600, 1800, 2000	1400, 1600, 1800, 2000

Customised design

Organiser rail*

Optionally, the easy screen silent can be fitted with an organiser rail at the top. It has a functions groove on both sides, which is used to hold individual accessories.

Magnetic strip*

A magnetic strip that can be used on both sides of the screen is also available as an option. The magnetic strip, like the organisation rail, is placed on top of the screen element.
